Date of Share Shift follow up:

Shift #:

1. How was your time spent during share time on the unit? (assessment, medication pass, management lines/drains/tubes, etc.)
  
2. Overall, how would you assess your current ability to function as a Primary RN at this level of care?
  - A) Primary RN with full assignment
  - B) Primary RN with smaller/lighter assignment
  - C) Cannot act as Primary RN. Assist a Primary RN (cannot take any assignment independently)

***\*\*\*If RN answers A, remainder of scheduled share time will be canceled. Instruct RN they will receive an email (with their manager included) after their shift today outlining next steps.***

***\*\*\*If RN answers B or C, answer questions 3 and 4***

3. What skills can you complete independently?
  
4. If scheduled additional share time, will you be able to function as a Primary RN with a full assignment?
